

MONTESSORI CHILDREN'S HOUSE OF HAYWARD

NEWSLETTER – SEPTEMBER 2019

Kindergarten Room#18

Dear Parents,

Thank you all for being able to make it to our back-to-school night. It was wonderful to meet you all.

Welcome to a new school year! As an educator, my goal is to help your child to be an independent lifelong learner. I want your child to have a wonderful kindergarten experience. We are looking forward to a busy and successful year.

The purpose of these monthly newsletters is to keep you informed about what your child is doing in school and to update you about upcoming events!

This month we are concentrating on establishing routines and expectations. By the time of our first parent conference in October, I will have a good idea of where your child is skill-wise and behavior-wise, and how s/he should be guided through the year.

In the morning, the children will be directed through the math and language curriculum. Afternoons are more relaxed and are spent using cultural materials. This month we are studying fish in zoology, trees in botany, and North America in geography.

Our special interest for September is the study of apples. We will be dissecting them, tasting them and naming the different varieties and learning about a very special person called Johnny Appleseed.

Dear parents please remember to order Scholastic books. All points earned from the order go toward purchasing books for the lending library in our classroom. Please refer to the online code in the handout provided on back-to-school night.

Thank you.

Kavita Hakim
