"Welcome January, the new year stands before us, like a chapter in a book, waiting to be written."

- Melody Beattie

Dear parents,

January Social Facts: Compromise and apologize

Happy New Year! After a wonderful holiday break, the classrooms are back in full swing. All the children were excited to be back with their friends and eager to get to work. It appears like everyone grew over the break, both in maturity and height. Thank you all so much for the lovely gifts. We hope everyone enjoyed their break and time with their family and friends. We also want to thank Lenin Rojas (Xenia's dad) for making the children happy as a Santa. It was truly amazing -We hope everyone had a chance to take pictures with Santa.

JANUARY IN THE CLASSROOM:

Science: Plants:- Parts of roots / how roots absorb water and nutrients from the soil.

Cultural: we will learn about Antarctica, polar region, polar bear, penguins and how animals survive the winter (adaptation, migration, and hibernation). The children will learn the parts of the penguin and explore many of the animals that live in Antarctica. We will be learning about the climate and the different animals that are able to live there.

Art/Craft:

We will continue to make a variety of creative artwork throughout January! Our young montessorians will make art related to wintry weather including snowflakes, mitten art, penguins, polar bears, snow hats, and more!

We will be learning and talking about Dr. Martin Luther King Jr. and his dream for peace, kindness, friendship and equality for all. We will also participate in a Peace March on January 17th for honoring Martin Luther King Jr.

Important date to remember:

MONDAY, JANUARY 20 - NO SCHOOL / MLK DAY - HOLIDAY

Thank you,

MCHOH
